Correction to: Residential proximity to industrial combustion facilities and risk of non-Hodgkin lymphoma: a case-control study

Anjoeka Pronk^{1,2}, John R. Nuckols³, Anneclaire J. De Roos^{4,5}, Matthew Airola⁶, Joanne S. Colt¹, James R. Cerhan⁷, Lindsay Morton¹, Wendy Cozen⁸, Richard Severson⁹, Aaron Blair¹, David Cleverly¹⁰ and Mary H. Ward^{1,11*}

Correction to: *Environ Health* 12, 20 (2013)
<https://doi.org/10.1186/1476-069X-12-20>

Following publication of the original article [1], the authors reported an error in the unit of the average emission metric (AEI). The AEI was incorrectly reported as nanograms (ng) toxic equivalency quotient (TEQ)/year in the abstract, methods, discussion, and Table 1. The correct unit is grams (g) TEQ/year. The authors apologize for this error.
