

ERRATUM

Open Access

# Erratum to: The short-term association of selected components of fine particulate matter and mortality in the Denver Aerosol Sources and Health (DASH) study

Sun-Young Kim<sup>1,2\*</sup>, Steven J. Dutton<sup>3</sup>, Lianne Sheppard<sup>1,4</sup>, Michael P. Hannigan<sup>5</sup>, Shelly L. Miller<sup>5</sup>, Jana B. Milford<sup>5</sup>, Jennifer L. Peel<sup>6</sup> and Sverre Vedal<sup>1</sup>

## Erratum

Unfortunately, in the original version of this article [1] the Acknowledgements section included wrong funding information and gave the grant number for “the National Research Foundation of Korea” as “900-20140076” instead of “2013R1A6A3A04059017”. The corrected Acknowledgements have been included in full in this erratum.

## Acknowledgements

This work was supported by the National Institute of Environmental Health Sciences (R01 ES010197), the U.S. Environmental Protection Agency (RD 834796), and the National Research Foundation of Korea (Basic Science Research Program through the National Research Foundation of Korea funded by the Ministry of Education: 2013R1A6A3A04059017).

Submit your next manuscript to BioMed Central and we will help you at every step:

- We accept pre-submission inquiries
- Our selector tool helps you to find the most relevant journal
- We provide round the clock customer support
- Convenient online submission
- Thorough peer review
- Inclusion in PubMed and all major indexing services
- Maximum visibility for your research

Submit your manuscript at  
[www.biomedcentral.com/submit](http://www.biomedcentral.com/submit)
